01 CVSU IS FOR NATURE

There is beauty around every corner of Cvsu. The lush atmosphere and towering trees planted in the surroundings provide attractive and fresh air to every corner of the CvSU. One way that CvSU emphasizes the value of nature is through extending the Sustainable Development Goals (SDGs), which the university is currently putting into practice.

Nature, which provides a home for animals like cats, heals ailments. CvSU hired workers to keep the environment tidy and in order, doing tasks like sweeping, tying up recyclable plastic bottles, and planting plants as part of its "Tree Planting" program. CvSU values and protects the power of nature.

02

CVSU IS FOR WOMAN EMPOWERMENT

CvSU implements women-related activities to pay more attention to women's empowerment. Showing support for women, CvSU initiates activities such as VAWC held from November to December and Women's Month in March. These measures demonstrate their support for women that are subjected to physical, mental and sexual abuse as well as other measures of inequality against women. Evidence shows that CvSU cares about women to end violence, abuse and unequal treatment in society. This is also one of the good deeds done every year, through which women can prove that they are not different and that they are not just "women" but can do much more and prove to our society and country that they can do what others do.

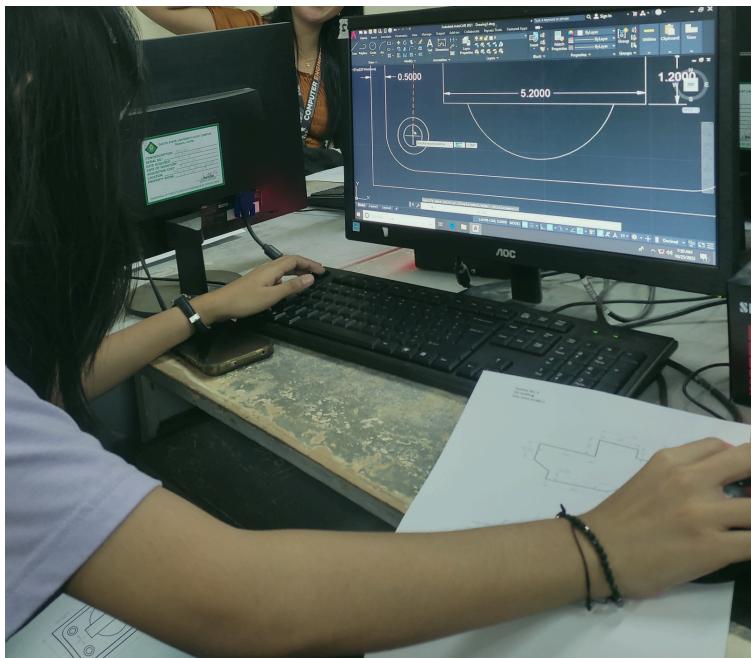

03

CVSU IS FOR INNOVATION

Experience a world of innovation at CVSU, where students thrive through hands-on learning in cutting-edge labs and facilities. From computer labs to solar panels, CVSU fosters a dynamic environment that encourages practical application and ignites a passion for innovation.

CVSU goes beyond theoretical learning, empowering students with practical education. Engage in hands-on experiments and real-world learning in our state-of-the-art labs, where students develop essential skills and gain valuable experience. From coding to circuit creation, CVSU prepares students for a future filled with endless possibilities.

CVSU's commitment extends beyond labs and machines, nurturing well-rounded individuals. Through seminars and collaborative research, students make a meaningful impact within and beyond the school. By conducting research that benefits the institution, CVSU students embody integrity, teamwork, and an unwavering pursuit of knowledge.

04 CVSU IS FOR SPORTS

CVSU shape students into well rounded individuals, excelling both academically and athletically. It's not just a university, it's a training ground for champions. Plus, CVSU teaches sportsmanship that goes beyond the school, shaping well-rounded athletes who embody integrity, teamwork, and a never-back-down attitude.

05 CVSU IS FOR MEMORIES

At CVSU, we believe in more than just academics. That's why the school puts a spotlight on events like CCATIANS PASKUTAN. These events aren't just about having fun; they're about something deeper. They allow students to connect, unwind, and create lasting memories together. This isn't just about leisure; it's about building a sense of belonging and fostering friendships that go beyond the classroom. Because here at CVSU, we understand that a well-rounded education isn't just about what you learn in books—it's also about the experiences that shape you as a person.
